Re: United States Environmental Protection Agency (EPA) March 5, 2008, Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) Unilateral Administrative Order (UAO), No. V-W-08-C-893 for RRG/Clayton Chemical Co. Superfund Site (Sauget, IL) - Opportunity to Confer Date

Dear Sir or Madam:

This letter refers to the above referenced EPA CERCLA UAO issued on March 5, 2008, for the removal action at the RRG/Clayton Chemical Co. Superfund Site, 1 Mobile Avenue, Sauget, Illinois. In the EPA UAO cover letter and at Section XIV, EPA noted that Respondent parties have 3 business days from the issuance date to request a conference on the UAO with EPA.

Previously, EPA agreed to an additional 2 business days before the occurrence of the Effective Date under Section XVI of the UAO. EPA also agreed to allow the Respondent parties requesting a conference with EPA to either directly or by telephone hold a conference (or conferences) with EPA. Based upon the responses from the interested UAO recipients EPA has selected Monday (afternoon), April 7, 2008 and Tuesday, April 8, 2008 for the UAO conferences.

As previously stated, the Respondent parties who do not request a conference shall have an additional 4 business days from the later selected conference date to submit any written comments. All other requirements of the UAO remain in as stated in the Order.

EPA continues to plan to move forward with the work required under this UAO with all expedience. Please contact me at 312/886-6613 or by e-mail at "Turner.Thomas@epa.gov", or contact EPA Enforcement Specialist William Ryczek at 312/886-7184 or by e-mail at Ryczek.William@epa.gov.

Sincerely,
